ROLL UP! ROLL UP! ...

WHY A CIRCUS WORKSHOP?

Circus workshops give everyone an opportunity to try something new and engages all ages, enabling them to see immediate results whilst having fun and experiencing new things.

Some circus skills are relatively easy (balancing peacock feathers) to the seemingly impossible (unicycle), yet with our help all are attainable. In all our workshops we aim to encourage a sense of confidence, self belief and achievement. A circus workshop is all inclusive and easily adaptable so that all pupils can take part, set themselves a challenge and have a thoroughly brilliant and rewarding time.

Introducing children to new experiences they haven't already formed an opinion of can be an excellent way of spurring them on to try new challenges and can also help lead to improvements in their confidence at tackling other subjects.

THEME DAYS

FAIRS & FETES

FANTASTIKO

... FOR FUN FUN FUN!

CIRCUS SKILLS

We bring all the equipment needed and workshops can include:

• Balancing • Chinese/gymnastic ribbon •
Spinning plates • Juggling • Diabolo •
Flower sticks • Poi • Pedal go • Stilts •
Unicycle & Tightwire

We offer an assembly/demonstration - or end of day performance.

From single session taster workshops to project residencies, fun days to developed schemes of work.

WHY FANTASTIKO?

Our facilitators are excellent circus workshop leaders and performers who have a passion for education and years of experience working in schools. We believe that it is essential to vary our content and delivery style to suit those taking part and the objectives of the project, that way we create involving, inspiring and entertaining experiences that are treasured and remembered.

We pride ourselves on creating and delivering workshops that meet all your needs and although we have our popular packages, we are happy to adapt sessions and create bespoke events for you. Whether you want to enhance a key stage topic or organize a full day event for the whole school, our circus workshops are an unforgettable experience for your pupils. Our partner company Tip of the Iceberg have over 15 years experience of bringing education to life and we guarantee to provide a professional yet personal service.

We also have circus themed entertainment and tents for hire too!

REWARD WORKSHOPS

FANTASTIKO

Fantastiko has over 15 years experience performing and teaching circus skills and it's founder trained at Circomedia in Bristol studying Circus Arts. Our performance and teaching work has taken us around the world and back again. We bring all of our experience, enthusiasm, knowledge and fascination of circus arts to everything we do!

Our freestanding trapeze rig can be used indoor and out and is a thrilling experience for all who take part.

Circus entertainment and tent hire. We also offer stilt walkers and other entertainment to add to your workshop or event - and not forgetting our traditional pole marquee to top it all off (and keep workshops dry too!). The tent comes in a range of sizes and we offer brilliant package deals on workshops, tents and entertainment.

Our Circus Skills Workshops incorporate a wealth of curriculum objectives whilst meeting areas of Every Child Matters in an extraordinarily fun, enjoyable and rewarding way. **There are links to key stage objectives, see our website for more details including workshops developing other aspects of the curriculum including science and maths.**

“The evaluation forms for the circus workshop have all said it was excellent! Everyone had a great time.” **YOUNG CARERS GROUP**

“The entertainment was excellent and the team just brilliant...They did a great job” **EVENT CO-ORDINATOR SOUTHEND**

“All the pupils would have loved further time with you. We appreciated your skill in communicating across all age groups and your gentle and affirming manner. Thank you.” **PRIMARY SCHOOL, EAST LONDON**
